NOTES FOR APPLICANT AND CONDITIONS OF APPLICAN

AIRFIELD RULES / REGULATIONS TEST

1. The applicant's employer/company must support and endorse on this application and agree to its terms.
2. Applicant is required to produce the Airport Security Pass as proof of identity on the day of the test dates.
3. The test is based on rules and regulations stated in the Department of Civil Aviation (Aerodrome) Regulations, Rules and Regulations for Airside Drivers Handbook.
4. Applicant must be punctual on the test dates. Participant, who is late for more than 15 minutes after the commencement, may not be permitted to join the test.
5. Participant who is late and not permitted to attend a test or who fails to turn up for the test will have his/her fees forfeited.
6. The fees paid are not refundable.

Fee Applicable

Airfield Rules Theory Test	150.00
ADA Card Printing	250.00

The permit will be valid for three year from the date of issue. Expatriates with Work Permit will be issued for a term of one Year.

Note: all rates are in Maldivian Rufiyaa and is subject to additional 6% GST

Permit Renewal

ADA permit shall be renewed one month prior to Expiry.

Applications for ADA/LDP's must be submitted with the following documents:-

- a) A completed ADA/LDP Application form, as issued by the AGA (see appendix 3 of Airside Driving handbook)
- b) Photo Copy and original (for verification) of the Airport Security Pass.
- c) A photocopy of current National driver's license to drive or operate the class of vehicle being operated,
- d) Photocopy of current ADA (for renewal purposes)
- e) A valid medical certificate
- f) An official Document showing that vehicle training has been given by the organization/company/section involved. (Only for specialized vehicle/equipment).

The following are required in the medical certificate:

- I. **Eye Sight:** Drivers must have visual acuity, using corrective lenses if necessary.
- II. **Color Perception:** Drivers operating airside must have the ability to distinguish the signal colors, Red, Green, and White. Depending on the results of any color vision deficiency drivers may be precluded from driving on areas of the airfield. All Maneuvering Area drivers must have full color vision capability.
- III. **Hearing:** It is essential that drivers have the ability to hear sufficiently under adverse

conditions (The ability to hear a forced whisper in each ear is recommended.)
